CLASS PROPHECY

This is the year 1978. I have just returned from my tour around the world.

Upon making my first stop, which was Tulsa, Oklahoma, I saw Mrs. Howard Tomlin (the former Esther Dawson) and their two lovely daughters. Esther and Howard now own one of the largest air borne cargo lines in the West. After a visit with them in their spacious 12-room home, I decided to visit my other former classmates. So I moved on to California--a few seconds away from Oklahoma by air.

After my arrival there I decided to visit the 20th Century Fox Studios. There was a rehearsal being held for the making of the movie, "The Littlest Outlaw." While talking with some of the producers I was introduced to the star of the movie, and to my great surprise he turned out to be none other than our 6-footer Roland Burford. Roland has been very successful in the many star roles he has held. He is now living in Beverly Hills and is an eligible bachelor carrying lots of "yenom" in his tobacco pouch. No one here knows that our pet name for him was "Boo-Boo" Burford. After talking with Boo I found that there is another of our former classmates in Hollywood, Nancy Ramsey, who has succeeded Tallulah Bankhead as the leading American actress of stage, TV and screen.

After leaving Roland, I decided to visit Nancy, temporarily, in New York. While inquiring of her whereabouts I was informed that

she was not at her pet psychiatrist's I got in touch with her by phone. She was quite surprised to learn I was in town. She invited me to come to her apartment in the tallest building in the world, The Empire State Building. We had dinner together at the famous Latin Quarter Club. We had a wonderful time together bringing back fond memories. Nancy told me about Robert Inge and Ronnie Ross operating the Inge-Ross Logging Company in Canada, where two-thirds of the nation's lumber is now produced. This business has been a great success under the foremanship of "Shorty" Johnson. We wish Robert and Ronnie the best of luck in the years to come.

My next stop was in Miami, Florida. I decided to spend a few days in the Beckmann Resort to get a good rest. I was sitting in the Lobby when a young man walked up and asked if he could be of any assistance. Looking up at this very handsome and distinguished face, who do you think this might have been, one of the most loved by all classmates, Fred Beckmann. Fred and I were like brother and sister all through school, so I felt right at home in his million dollar hotel. During my long conversation with Fred I learned that Donald Taylor (better known to you as "Bug") had won the race at Daytona Beach. He was driving an atom propelled '78 Chevrolet. "Bug" is now married to Ann Tomlinson. This lovely couple and their six children now operate a dairy farm in Hunting

CLASS PROPHECY

Creek, Maryland, but spend their winters in Daytona Beach.

I continued on my travels to see Doris Burks, who is now Mrs. Peyton Dixon. Doris had always said she wanted to own her own home, a large one, and take care of orphans. It seems as though her plans have changed quite a bit; she now stays busy parking helicopters in her husband's parking lot. The parking lot is located on 42nd Street in Waugh Switch, Virginia, which has a population of 15,000. Doris has a nice family of her own now. We all wish Doris the best of luck.

As I left Doris I spotted Beatrice Burks, who is now operating a dress shop in Washington, D. C. She designs all of the dresses for Vogue Magazine and is very happy in her career as dress designer. If Bea marries the one we all think she will her dress designing will change to designing Navy uniforms.

After leaving Bea, I went to see Betsy Branch, who is now Mrs. Lester Manley. Betsy and her husband own Manley's Swap Shop at Crackers Neck, Virginia. They own their home on Blue Berry Hill, which is about five miles from the Shop. They have ten children, all famous as cross country runners and basketball stars.

Starting on my trip again, I headed for Dallas, Texas, to see John Robert Rusher, who owns a ranch of 5,000 acres on which he has 3,000 head of cattle and 200 riding horses. Upon

my arrival in Dallas, John Robert and his lovely wife, the former Mickey Douglas met me and took me to their ranch. Having heard of his large ranch I was very anxious to see it.

John Robert told me about Ernest Manley being a major in the Jet Air Force, stationed at Camp Jehova near Dallas. Ernest has made flying a career. He is unmarried and still loves to hunt and has erected a large Hunting Club dedicated to the memory of his famous great-uncle "Big Foot" Wallace, a great Texas bear hunter of 1850.

Ending my tour I decided to go to the Virginia Military Institute in Lexington, Virginia, to see Jerry Trevey who is commander of all the cadets. Jerry is married to the former Patsy Arthur. Jerry spends his free time with his wife and four little cadets. He often takes them out to dinner to the famous Richard Wood Restaurant.

Well--! Even though Satellite and I didn't tour the world I still enjoyed the many stops I made. Guess you are wondering by now who this could be,, so I'll give account of myse'f. I am Mary Katherine Harris, known to you as Kitty. My main project is trying to visit every place we studied in History and Government Class, so as to be able to tell Professor W. P. Oglesby, now President of the University of Virginia, how much I have learned from the observation windows of "Little old Sputnik '78."

Symbol Of Progress

As graduation nears, let's take a serious look at the past. We see that education has been largely responsible for the progress of our nation.

Why? Education is PROGRESS.

Today — more than ever before — industry, business and labor, all, know the true values of a good educational system. EDUCATION continues to stand as a true symbol of PROGRESS.

Casto Nets 56, Big Island Wins

BIG ISLAND—Neil Casto tallied 56 points—more than half of his team total—to rack up a new District J scoring record, leading Big Island High School to a convincing 108-61 win over Stewartsville High School here Friday night.

The win gave the Islanders a 7-5 record and moved them into third place over Montvale High School who lost Friday night to Moneta, 65-51. Stewartsville is 1-11 in the district.

Casto garnered his points with 26 field goals and sank four for five tries from the free throw line.

After leading 21-19 at the first period, Big Island exploded with 34 points in the second period and then went on to win.

Marvin Catron was high for Stewartsville with 16 points.

Stewartsville's girls team defeated Big Island, 79-40, in the preliminary as Lois Powers bucketed 40 points. Betty St. John was high for Big Island with 31.
